## My You Tube Activities:

2013-2015

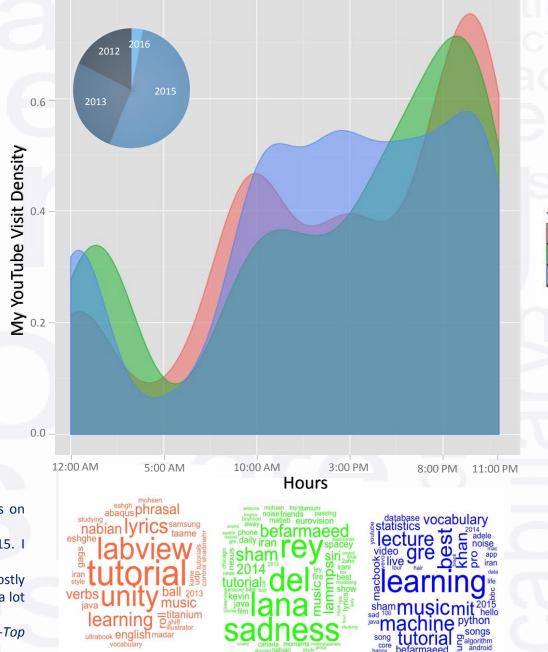

## MyYou Tube Activities:

- The amount of My YouTube activities is NOT uniform during a year. I have frequent visits on March, November and December and low visits on Feb and September. (Left Figure)
- My daily activity patterns are similar in 2013 and 2014. However, it has changed in 2015. I explored this variation by looking into my videos contents. (Right-Top Figure)
- Word Clouds indicates the content of my videos I watched on YouTube. I was watching mostly some tutorials and music videos after school or during my breaks at school. While, I watched a lot of lectures in 2015 during my school time! (Right-Bottom Figure)
- It is shown that My YouTube activities has a significant increasing trend. (*Pie chart, Right-Top Figure*)
- The background portrays the overall contents of my video searches!
